Introduction to the Public Service Announcements

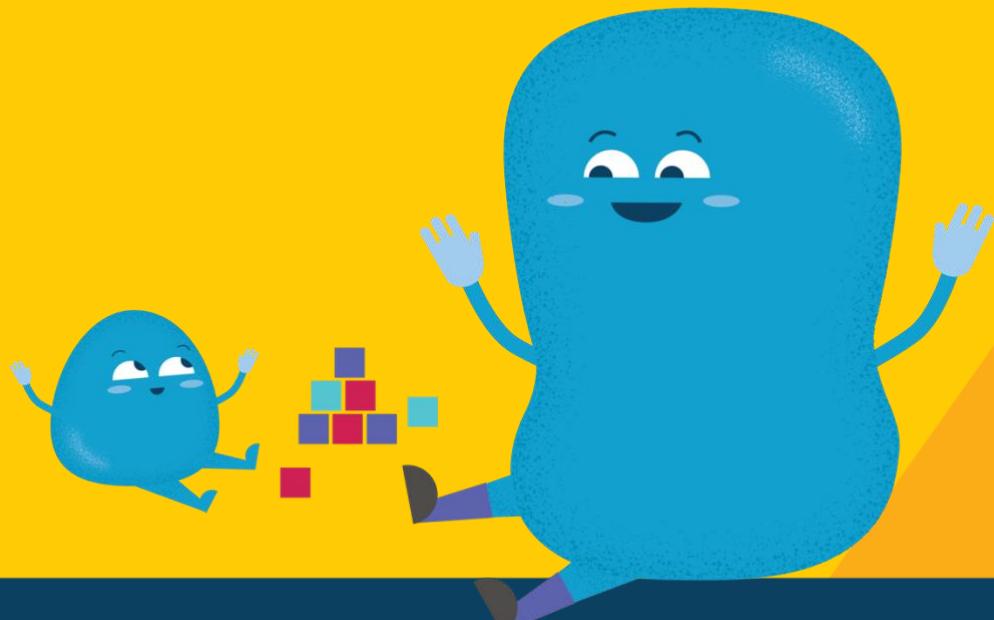

[The text below provides an introductory announcement, which can be given at the start of the announcement series.]

The coronavirus pandemic has disrupted family life around the world. Many families are struggling to keep children and teens occupied, and stress and anxiety levels are high. But we know parents still want to do the best for their children!

The '*Playful Parenting*' Announcements can help. These tips have been developed by parenting experts, and cover all aspects of family life – from learning through play and managing stress to talking about COVID-19 and family budgeting.

We will be broadcasting [one]* parenting tip every day for the next [12]*days on our regular '*Playful Parenting*' slot. Listen out for them at [XX]* each day. We hope they will help you cope at this difficult time – and have fun and learn with your children!

* Broadcasters can insert whatever is appropriate.

The COVID-19 Playful Parenting Emergency Response is supported by the LEGO Foundation, the philanthropic donors to the University of Oxford's COVID-19 Research Response Fund, and the UKRI GCRF Accelerating Achievement for Africa's Adolescents (Accelerate) Hub. Research on Parenting for Lifelong Health is supported by the UKRI GCRF Accelerate Hub, the Oak Foundation, the European Research Council (ERC) under the European Union's Seventh Framework Programme and the Horizon 2020 Research and Innovation Programme; the Global Alliance for Chronic Diseases under the European Union's Horizon 2020 Research and Innovation Programme, UNICEF, WHO, Oxford University Innovation GCRF Sustainable Impact Fund, the Leverhulme Trust, the Economic and Social Research Council, CIDA, the National Research Foundation of South Africa, Ififa Labantwana, the John Fell Fund, the Evaluation Fund, the UBS Optimus Foundation, USAID-PEPFAR, the Wellcome Trust, Grand Challenges Canada and Wellspring Advisors.
